SELF-ADHESIVE ALUMINUM FOIL TAPE

Excel Air Self-Adhesive Aluminum Foil Tape is a specially formulated solvent base* pressure sensitive acrylic adhesive aluminum foil tape. Excellent for use as vapor sealing of fiberglass ductboards, PIR ducts & Sheet metal ducts. Ideal for use as masking materials or for sealing purposes on any dry clean surfaces.

SPECIFICATIONS:

Aluminium Foil Thickness	45 microns
Acrylic Adhesive Thickness	35 microns
Silicone Coated Paper Thickness	80 microns
Adhesion Strength	800-1000 gm/1 inch
Tensile Strength	6-9 kgs/mm ²
Elongation	5%
Width	Available in 2" & 3"
Length	21 Yards (19m)

PACKAGING (19 Meter)

Size		Packaging Roll/Carton	Carton Size (cm)
Width (Inch)	Length (Meter)		
2"	19	16	25 x 25 x 33
3"	19	16	25 x 25 x 33
